WELCOME GUIDE STUDYING AT IGCHE

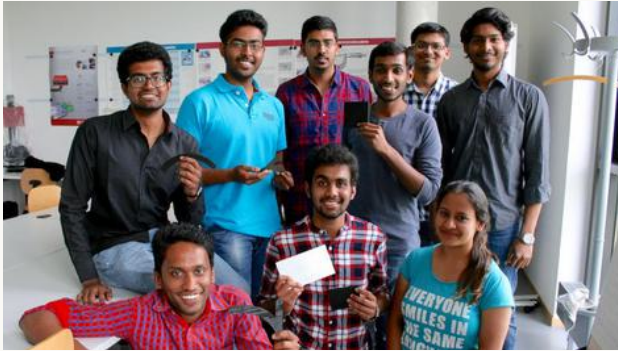

WHERE GERMAN EXPERTISE MEETS
INDIAN INNOVATION, UNITING TO DRIVE
GLOBAL IMPACT

ABOUT THE PROGRAM

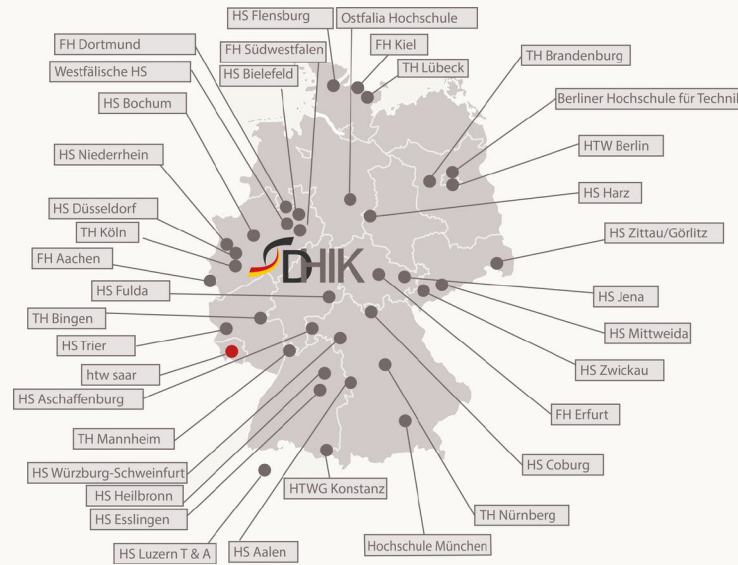

The PSG-IAS German School of Technology (GST), in partnership with the Indo-German Institute for Higher Education (IGCHE), offers bilingual 3+1 bachelor's programs in technical disciplines. Students complete three years in India with German language training, followed by a final year in Germany, gaining industry experience through internships and completing their thesis.

Graduates earn a prestigious German-accredited bachelor's degree, combined with practical know-how, language skills, and cultural adaptability—qualities that set them apart globally.

OUR UNIVERSITY NETWORK

Partnering with eight of Germany's top universities from our 38-member DHIK consortium, our network offers high-quality courses in a dynamic and enriching learning environment.

University	Automobile Engineering	Computer Science	Electrical Engineering	Mechanical Engineering	Mechatronics
 Berlin				•	
 Bingen		•	•	•	
 Bochum				•	•
 Düsseldorf				•	
 Gelsenkirchen		•		•	•
 Kiel				•	
 Saarbrücken	•			•	•
 Zittau/Görlitz		•		•	

* Our program is supplemented by the Institut für Internationale Kommunikation (IK) in Busseldorf, which offers a four-week summer school in Germany at the end of the first year, where students can explore German language and culture.

WHY STUDY IN GERMANY?

Germany is a leading choice for Indian students. Nearly 50,000 Indian students studying across the country form a strong community and foster academic and cultural exchange between Germany and India

A top destination for academic excellence and career growth, with unique opportunities that enable students to stand out from the crowd

Gain a globally recognized degree, access to top internships, career services, and an extensive professional network in Germany, ensuring a strong foundation for your future

KEY PROGRAM BENEFITS

A streamlined path from India to Germany equips students with the skills, cultural knowledge, and insights for a smooth entry into the German job market and global career opportunities

Engaging guest lectures from top German universities deliver invaluable knowledge and exclusive insights into innovative industry practices and academia

Cultural events and workshops offer insights into German customs, culture, and ways of thinking—valuable for understanding local and international business practices
